

**BIRDS IDENTIFIED AT  
ANASTASIA STATE PARK**

Anastasia Island is a sanctuary for both resident and migrating birds. The rich variety of birdlife found here is due to a diversity of habitats, which include beach and dunes, salt marsh, coastal scrub and hammock.

Residence Status Symbols for St. Johns County

- PR – Permanent Resident
- SR – Summer Resident
- WR – Winter Resident
- V – Visitor
- A – Accidental; bird rarely sighted in area, far out of range
