

Ichetucknee Springs State Park

Volunteer Position Description

Residential Volunteer

Ichetucknee currently has RV sites available to volunteers interested in becoming a temporary resident at our park. Our resident volunteers assist with various park projects and daily duties that enhance our visitor's park experience.

Resident volunteers are considered based on availability and current needs of the park. We work to match our volunteers with a position that benefits both volunteer and park. We are always interested in fresh ideas and perspectives that will positively influence our park.

Florida State Parks ask for a minimum of 20 hours/week per site in return for the site occupancy.

Volunteers may stay up to 16 weeks per fiscal year (FY: July 1 – June 30) at any one park.

Ichetucknee Springs State Park RV sites are equipped with water, sewer and 50 amp/20 amp* electric hook-ups. Our spaces are roomy and can accommodate larger RVs.

*We only have 50 or 20 amp outlets, please remember an adapter if needed.
