

Kids Fishing Clinic

Saturday July 27th 9:00 AM—11:00 AM

Great Blue Heron Pavilion

Colt Creek State Park

Bring your kids for this introductory program to fishing! Join a Park Ranger for an interactive program to learn some of the proper equipment, bait, rigs and knots for local freshwater fishing. Practice casting with a game of backyard fishing, then try the real thing on the dock at Mac Lake. Fishing poles along with supplies are available for kids to use free of charge. Since supplies are limited, you must reserve yours by calling the ranger station at (863)815-6761. Participants are also welcome to bring their own fishing poles and equipment. Program is free with park admission.

Don't forget to bring water, insect repellent, and sun protection!
