Moss-draped live oaks, antique roses and historic buildings inspire visions of old Florida. The old farmstead is now known for its collection of buildings, family effects and heirloom farm animals; portraying a rustic part of Florida.

Amenities:

With plenty of open space your wedding can be as lavish as tents set up with silk covered tables, candelabras and romance inspired themes. Or as simple as standing underneath one of our majestic oaks with a bouquet in hand surrounded by your loved ones.
