

# True Love happens Naturally at

## Ellie Schiller Homosassa Springs Wildlife State Park

### Setting:

Ellie Schiller Homosassa Springs Wildlife State Park showcases some of Florida's loveliest landscape surrounding the headwater of the Homosassa River. The Garden of Springs features a picturesque gazebo and can accommodate about 200 guests.

### Amenities:

There is a river pavilion and a garden pavilion that can be used for accents and reception use for a total outdoor experience. If you would like an indoor environment, you can always opt for the Pepper Creek Terrace. We have had everything from a formal garden party to a barefoot wedding and everything in between.
